

# HWD pavilion

## Lights

Oh, everybody knows this romantic evening and night lights, which bring the pleasant atmosphere. It is offered to anybody, who interested in to participate in crafting bodies for the lights. Spherical are too boring and classic, but lights by warehouse inhabitants—that's something new and interesting,...

## Bookcrossing

Popular. Useful.

## Kitchen place

It doesn't matter, that pavilion should have professional furniture like on scheme, even kitchen table for preparing little celebration or party will be enough.

## Info-sketch zone

This is a place, where everybody can:  
1. Check the timetable of pavilion events.  
2. Book a date for personal event.  
3. Put a small message to community.  
4. Sketch something on chalk wall.

## Thoughts wall

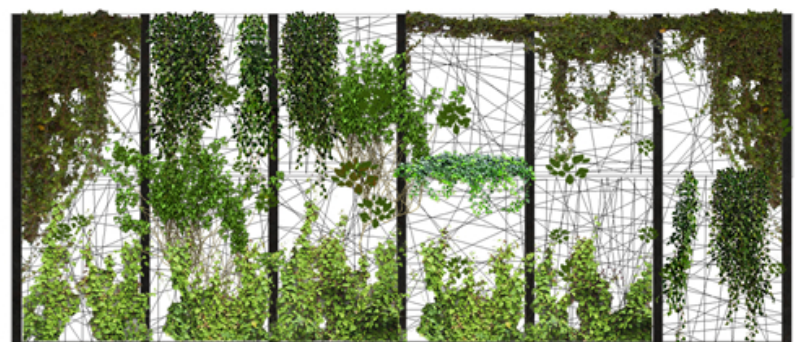

This wall meets guests with thoughts and quotes of warehouse people. To create this wall, each participant should think about topics like:  
-what is community and what it means to me?  
-what is Harringay warehouse district?  
-what is the difference between it and other districts?  
-e. t. c.  
Every participant writes the citation by himself and also signs after.  
All phrases should be short.  
Phrases quantity is limited (1 participant—1 phrase)/  
Font is «Courier New», which associates with vintage books.

1. I love the community and the people who live here. It's a great place to be.	2. I love the community and the people who live here. It's a great place to be.	3. I love the community and the people who live here. It's a great place to be.	4. I love the community and the people who live here. It's a great place to be.
5. I love the community and the people who live here. It's a great place to be.	6. I love the community and the people who live here. It's a great place to be.	7. I love the community and the people who live here. It's a great place to be.	8. I love the community and the people who live here. It's a great place to be.
9. I love the community and the people who live here. It's a great place to be.	10. I love the community and the people who live here. It's a great place to be.	11. I love the community and the people who live here. It's a great place to be.	12. I love the community and the people who live here. It's a great place to be.

## Green wall

This wall is about how structure, system e. t. c. can guide nature. Each cell of the wall will have individual metal rope weaving, made by volunteers (participants).

## Swing

Raise your hand, who doesn't like it. Structure of the pavilion will not allow aggressive swinging, only tiny wiggling.

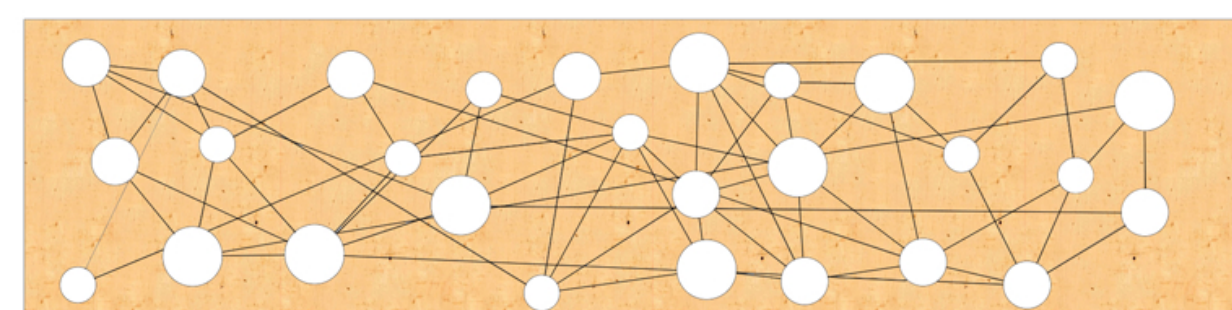

## Community little garden

It can be the workshop, where everybody, who wants, especially warehouse district people can plant his/her favorite, bush or small tree and watch it and the neighbour's plants also. This flower beds are parallel to community, where every greenery unit images his, let's say, host.

## Community wall

This wall is about community itself. Often, community is illustrated like many circles (units), connected with each other. This is main idea of this pavilion's part. Here are 3 circle dimensions. All circles will settle down randomly, as participants want. Circles quantity not fixed but with range. Circle centres connected with each other with black lines. After holes appearing wall displays word «community».

Amazing fact, that circles image community units and look inside of pavilion, where community units located.

## Expressive wall

At the beginning this is metal grill with plywood or glass filling. The idea is to give to every participant (volunteer) 1 cell from this array and say him: «This is your art project. Do what you want». And in the end we will get nice, active, speaking wall, which tell us a little story about people of warehouse district, who made this. What can be inside of a cell:  
-painting  
-relief art  
-sculpture  
-text  
-nailed thing(s)  
-e. t. c.
