

WAREHOUSE FORUM

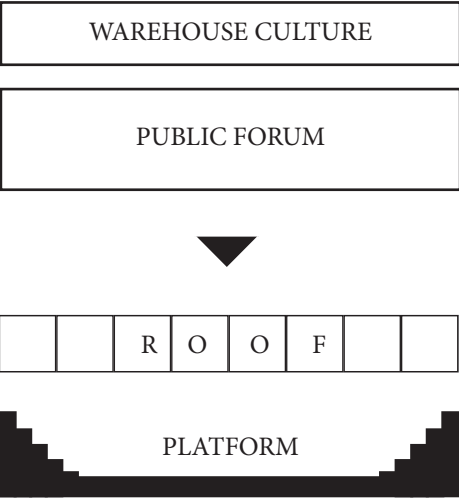

An open parliament for the community

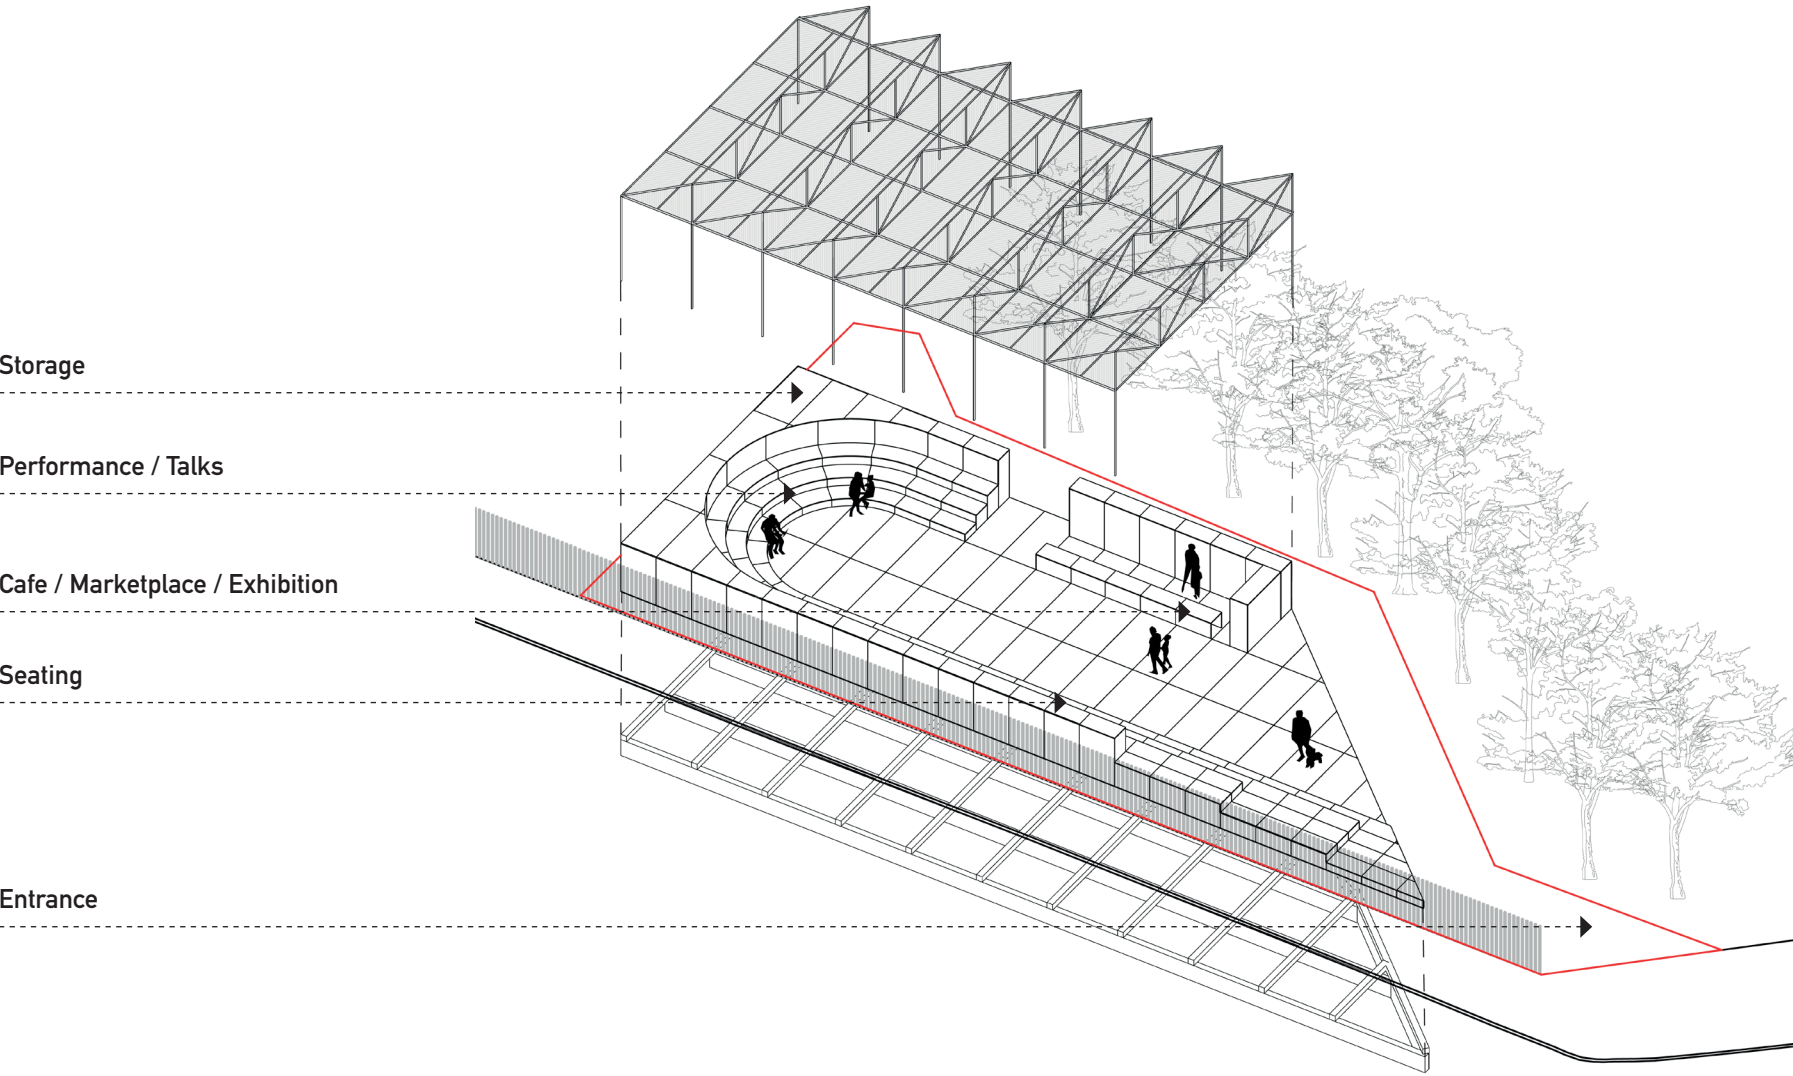

CONCEPT

WAREHOUSE FORUM takes inspiration from the life in the Harringay Warehouse community exploring the topic of exchange. The exchange and expression of ideas but also the exchange of our simple daily actions that define our own way of living together.

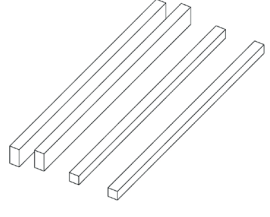

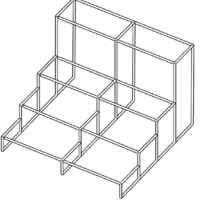

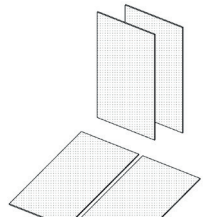

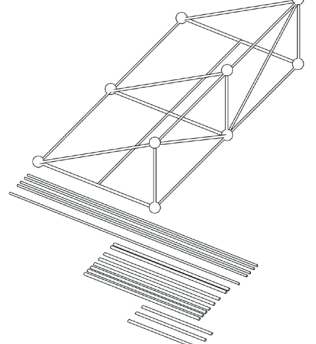

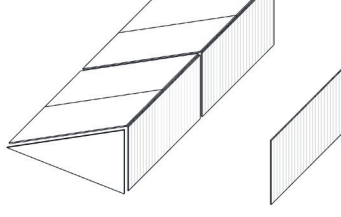

We imagine one common roof, that symbolically refers to the warehouse community, that defines a new public space conceived as a platform for dialogue and confrontation for the local neighbourhood. An open parliament where everybody is allowed to speak and be heard, engaging the community with its own personal contribution and experience first hand the vision of the local warehouse community.

PROGRAMME DIAGRAM

TOOLKIT*

Platform Timber Decking Area: 220 sqm Unit Dimension: 75mmx150mm	Timber Sub-structure Area: 750 sqm Unit Dimension: 47X50mm	Oriented Strand Board (OSB) Area: 500 sqm Quantity: 200 Unit Dimension: 18mmX2440mmX1220mm
		
Scaffolding steel structure Quantity: 84 56 21 Unit Dimension: 13ft 6ft 4ft	Polycarbonate sheets Area: 250 sqm Quantity: 100 x PVC sheets Unit Dimension: 2500mmX1010mm	Lighting Length: 150 m
		

*All measurements and quantities are indicative and for the purpose of a preliminary cost-estimation.
